MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Employment of "Lodge Act" Enlistees

1. The Department of the Army has a number of "Lodge Act" enlistees with proficiency in foreign languages as well as other professional qualifications. The Army is interested in obtaining for these employees a useful occupation in various departments and agencies of the Government including CIA.

2. Due to ceiling restrictions, the Foreign Documents Division is always in need of any assistance from competent linguists. The fact that the Department of the Army is trying to place "Lodge Act" enlistees would appear to offer a golden opportunity to provide such assistance to FDD. To this end the Chief, FDD, has discussed with Lt. Col. Chandler and Mr. Bauer, Department of the Army, the possibility of acquiring 65 enlistees with linguistic competence.

3. It is the understanding of the Chief, FDD, that such enlistees could be attached to his Division on extended temporary duty while remaining assigned to the Department of the Army. It is his further understanding that the Army will not require reimbursement for their services. In any understanding with the Army, this must be made completely clear as FDD has no ceiling or T/O positions to cover such personnel and no funds to pay them.

4. The attached memorandum to the Assistant Chief of Staff, Intelligence, has been prepared for my signature. Before dispatching this memorandum, however, I think it would be wise to have the wording and content checked by the appropriate DD/S component. I would welcome any suggestions in regard to how this matter should be handled.

5. From a security point of view, there would appear to be no problem as these enlistees would work on unclassified material in a separate area where they would have no access to classified materials.

6. As FDD is anxious to move ahead as rapidly as possible in this matter, I would appreciate your returning the attached letter with any comments on an "expedite" basis.
